Ultracompact energy battery Pilot only (cockpit in torso) Trio System80 (Combat AI) 2 x "Gelstellung" 75mm multi-barrel CIWS2 x Tactical Arms The MBF-02VV Gundam Astray Turn Red is a Mobile Suit appearing in the Mobile Suit Gundam SEED Destiny Astray R photonovel. Technology & Combat Characteristics The Gundam Astray Turn Red is a mobile suit created by Valerio Valeri for his own use. However, since the suit is fully controlled by the combat AI called "80", he does not need to do any actual piloting, although he still sits in the cockpit. The suit has a custom head unit and backpack. Its main body is constructed using MBF-P0X Gundam Astray Noir's spare parts and its body color is basically a reverse of MBF-P02 Gundam Astray Red Frame's (hence the suit's name). The Turn Red is usually armed with a pair of head-mounted CIWS and a pair of Tactical Arms on its back, but it can also be equipped with the same type of beam rifle, beam sabers and shield as the Red Frame. It also carries additional power packs for the Tactical Arms like MBF-P03secondL Gundam Astray Blue Frame Second L. The mobile suit is supposed to be used alongside CATI-VGR Hyperion GR and CATI-VGL Hyperion GL, both are commanded by the Turn Red itself and serve as its protectors during battle. The Turn Red is installed with the Trio System to improve its cooperation with the other two AI-controlled suits. Armaments "Gelstellung" 75mm multi-barrel CIWS Mounted on the head, the pair of CIWS are light projectile weapons incapable of damaging the armor of other MS. They are mainly used to intercept missiles, destroy lightly armored vehicles, etc. Essentially the same weapon as that used by Gundam Astray Blue Frame Second L, the Turn Red mounts two Tactical Arms on its backpack in a wing-like fashion (one on each side). The weapon retains all of its original functions and capabilities, and when in flight form, is mounted vertically on each side. Valerio Valeri discovers that when the Tactical Arms adopt a
